

Why Would You Legalize 30 Million Illegal Aliens?

Kamala Harris in the past four years of her pretend Vice Presidency invited 15 million illegal aliens into America. That's on top of the 15 million already here. In a recent interview, she wants to give them a pathway to citizenship.

Why would anyone want 30 million illegal aliens to gain a foothold in America? Why would anyone want third world crime to become entrenched in America? What possible reason drives such a path for democrats in Washington DC?

Our country continues to become less safe no matter where we Americans live. The Harris-Biden administration does not care one bit for the lives of Americans. Those two scoundrels in the White House couldn't care less about the massive crime wave they've perpetrated on Americans.

Just five months before Luis Calzaeilla-Rojas, a Venezuelan illegal and Tren de Aragua gangbanger was arrested after a shooting outside a probation office in Aurora, Colorado, he was welcome into the US by Harris the Border Czar who was supposed to deport criminals. He crossed over illegally, but Harris welcomed him along with another 1.3 million like him.

Absolutely no vetting whatsoever for any of them! Harris created the program without any approval by Congress. Homeland Security sources said that there is no vetting of migrants from Venezuela, Haiti, Central and South America. Homeland

Security Chief Mayorkas should be tried for treason.

Illegal alien Fermin Garcia-Gutierrez, 46, used seven different names and three different birth dates. He was deported eight times with 11 arrests and now faces murder charges in Ohio.

North Dakota Attorney General Drew Wrigley warned that illegal immigration flows through the northern U.S. border accelerated under the Biden administration, "Will continue with the worst yet to come."

Wrigley said, "The situation has deteriorated dramatically in recent years, and the current situation is untenable with millions of illegals entrants streaming across America's southwest border. Norther. Dakota is already experiencing negative law enforcement impacts because of Biden's refusal to shut down the border, but the worst is coming as to street crimes, violence as well as America's national security."

Chacaguasay-Ilbis, 21, from Equator, an illegal migrant charged with suffocating, killing young woman on her birthday. Her names as Joselyn Toaquiza of Syracuse, New York.

These human animals continue their spread and gang activity throughout the United States.

"As if New York isn't already plagued by rampant crime, the Venezuelan migrant gang Tren de Aragua has now extended its violent reach throughout the city ("Big Apple is a Tren wreck," Sept. 23).

"Their criminality has even affected the safety of schools near Roosevelt Avenue, where a sordid brothel has been operating. The criminal degradation resulting from the influx of illegal immigration worsens by the day, threatening the safety of neighborhoods and residents alike.

"When illicit activities occur so close to schools, it is

clear that we are approaching societal collapse.”

From Texas:

Cova was identifiable as Tren de Aragua from a five-point crown tattoo on his arm.

A confirmed Tren de Aragua (TdA) gang member has been arrested for allegedly recruiting students from two Houston schools to become new gang members.

Jorgenys Robertson Cova, an illegal alien from Venezuela, entered the United States two years ago, according to U.S. Immigration and Customs Enforcement. The 32-year-old was arrested Monday after a string of alleged thefts.

Cova is also alleged to have recruited middle school students from Jane Long Academy and Las Americas, which are part of Houston Independent School District.

“Government leaders in the United States, Western Europe (save Hungary’s Viktor Orban) and Israel are, for the most part, as corrupt as any mafia gangster. In fact, mafia gangsters might have more scruples than these crooked politicians. They are truly people without conscience,” said journalist Baldwin.

The fact remains that Harris-Biden has deliberately brought over 15 million illegal criminal aliens into America in the expectation that they will vote Kamala into the White House.

This commentary could go for pages and pages as to the criminality of Joe Biden and Kamala Harris. In four years, they created the greatest invasion of any country known to humankind. The numbers reach beyond insanity into a “netherworld” where most Americans just can’t get a grasp of what’s happening. Painfully, David Muir, Norah O’Donnell, Lester Holt, Scott Pelley, Terry Gross and Scott Simon will

not tell you about this invasion. Even when they know their own children and grandchildren will be swept up into its ugly clutches!

What is the worst part? That's the harsh reality that Kamala Harris commands at least 50 percent of the American electorate. She's the result of "affirmative action" in her education, and "D.E.I" in her rise through the ranks of California, and finally, "given" the Vice Presidency for being a person of color and a woman. Her supporters cannot comprehend the fact that if she gains the White House, none of us will enjoy our lawful society any longer.
