

Will The Queen of Corruption Make A Third Run For The Presidential Crown?

Kelleigh Nelson

The only thing necessary for the triumph of evil is for good men to do nothing. –[Edmund Burke](#)

The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it. –Albert Einstein

I like to see the difference between good and evil as kind of like the foul line at a baseball game. It's very thin, it's made of something very flimsy like lime, and if you cross it, it really starts to blur where fair becomes foul and foul becomes fair. –Mystery author, Harlan Coben

In an op-ed for the Wall Street Journal, former [Clinton](#) pollster Mark Penn predicted that Hillary Rodham Clinton would run as the “universal-health-care-promoting progressive firebrand of 1994.” He actually guaranteed that she is going to make a third run for the presidential crown. (That 1994 universal health care program Hillary dreamed up had a “gatekeeper” which made it rather difficult to get specialty care. Congressional Republicans opposed the plan, the public saw it as too complex and bureaucratic, and her [plan](#) drew strong opposition from the drug and health insurance industries.) She's now on the

bandwagon for single payer just like Obama and his communist friend from the past, [Dr. Quentin Young](#).

Steve Bannon predicted that Hillary Clinton is running in 2020 and told Fox Business host Trish Regan, "I even think Hillary Clinton or Bloomberg or some centrist comes in here... She's running. She's just trying to decide how to fit her way in."

Hillary has dreamed of being the President of the United States since she was in high school. She just can't contemplate a life in which the media isn't clamoring for her opinion.

So, is it just theatre for the masses by the Democratic socialist presidential candidates until Queen Hillary declares her candidacy and runs again? Will they give up the spotlight for her because she was "cheated" out of the 2016 win? Will Fauxcahontas Warren, who is now the frontrunner, bow to Hillary's desire to run again? Will they all genuflect to the Queen's third run for the crown? Or, will they say, "Nuh-uh...you tried twice, you're done!"

Media attention is being showered on the Clinton women for their latest book, perhaps a perfect time to announce another presidential campaign.

Stephen Colbert Interview

Hillary and daughter Chelsea recently appeared on the Stephen Colbert show promoting their latest book, "Gutsy Women." I've included only two of their many media appearances. Watch as Hillary cackles through the entire Colbert interview.

Wouldn't it be wonderful just once to see one of these nighttime hosts ask her about how she managed to make the [Clinton Foundation](#) so wealthy via "pay to play?" And wouldn't

it be interesting to see her response to why she destroyed 33,000 emails with bleach bit? And how about her destruction of several cell phones with a hammer?

Don't forget the FBI examination of Clinton's private home server which found over 100 emails containing classified information that the Chinese hacked in real time, including 65 emails deemed "Secret" and 22 deemed "Top Secret." An additional 2,093 emails not marked classified were retroactively classified by the State Department.

Oh, and don't forget Donna Brazil feeding Hillary the questions prior to the debates with Donald Trump. Top it off with her sale of 20% of our uranium to [Russia's Rosatom](#) and FBI Director Mueller actually carrying a sample of same to Russian oligarchs for her. And of course, there's Benghazi, and Vince Foster, and Mena, Arkansas, and White Water and on and on and on. No one in the mainstream media would dare ask her any of these questions.

The [Washington Post reported](#) that the probe into Hillary's email server has just been revived by the State Department.

Watch her eleven-minute interview with Colbert and how she's lauded by the host and the audience even when she knowingly prevaricates regarding President Trump and his phone conversation with Ukrainian President Zelensky.

Hillary claims that everyone has known for a long time that Donald Trump is a corrupt businessman, that he and his campaign asked for aid from Russia, and that the President is putting his own personal and political interests ahead of the national security of the country with the Ukrainian phone call. This is why there is an impeachment investigation, although Pelosi has never called for a vote, and probably never will.

Colbert produced the document Hillary Clinton wrote regarding the 1974 impeachment investigation of President Richard Nixon. [Roger Stone reported](#) in his book, [Nixon's Secrets](#), that Judiciary Committee staffers confirmed general counsel and chief of staff to the House Judiciary Investigative Committee, Jerry Zeifman's statements about Hillary. He claimed that as a 27-year-old staffer, she tried to manipulate the political process and strip President Nixon of his constitutional rights to a fair hearing. Both [American Thinker](#) and [World Net Daily](#) claim this is true. However, leftist web and hoax sites claim Zeifman's statements are untrue.

Whatever the truth, Hillary learned quickly that it pays to destroy incriminating evidence.

Jane Pauley Interview

On Sunday, September 29th, 2019, Hillary appeared on Jane Pauley's CBS Sunday morning show. Watch the 90-second video.

Video Here: <https://youtu.be/vBUJRFak70A>

For a woman who lived through a valid impeachment in 1998 during the Clinton administration, she claims that given the latest revelation via the whistle blower, there should be an impeachment inquiry opened.

She contends that President Trump is extorting a foreign government for his own personal purposes. Whoa! Excuse me Hillary, but how many foreign governments paid you because you had power as the Secretary of State and could influence their futures? It was VP Joe Biden who actually ["extorted" the President of Ukraine](#). The [record shows](#) that between 2009 and 2013, and while secretary of state, the Clinton Foundation received at least \$8.6 million from the [Victor Pinchuk Foundation](#), which is based in Kiev, Ukraine.

Obviously, Hillary believes it was okay for her husband,

President Bill Clinton and his Vice President Al Gore to contact foreign governments, i.e., communist Red China, for [campaign contributions in exchange for nuclear secrets](#). But a legal phone call to the Ukrainian president by Donald Trump is an impeachable offense.

[Article II of the Constitution](#) gives the president sweeping power to conduct foreign affairs, negotiate with leaders of other nations, make demands or offer promises. The Constitution does not grant the power of review, approval or disapproval to spies or other unelected officials in the executive branch. President Donald Trump was completely within the powers of his office.

Saul
Alinsky
Effect

Beware of the Useful Idiots

Are you just their useful idiot?

The left lies, and so does the right, but the left has mastered the act of accusing their enemies of doing exactly what they have done. The old Marxist taught them well.

Saul Alinsky was a community organizer as was our former President, Barack Hussein Obama. Alinsky claimed community

organizers should be among other things, narcissistic, amoral and able to promote things they don't believe in (in other words good at lying). Obama learned only too well, and so did Hillary Clinton. She met Alinsky in 1961 when her Park Ridge Methodist youth minister, Don Jones, took his class to meet Saul. Alinsky's methods and philosophy have had a profound influence on the politics of the United States. Recent history would suggest that this influence is just short of catastrophic.

Alinsky's *Rules for Radicals* was published in 1971 and is not so subtly taught in universities and colleges today. Hillary Clinton wrote her [Wellesley College thesis](#) on Alinsky, interviewing him personally for her research.

The core of Alinsky's method is destruction, destruction of the "system" that allows a disparity of wealth, i.e. individualism. There is little doubt that Alinsky's idea of a better "system" is one that brings forced equivalence or Marxism. The Alinsky end game is a global utopia in which the "people" have "power." Unfortunately, this utopianism has been the foundation of several uber-violent movements of the last century which have resulted in over 100 million deaths.

Psychological Projection

The Democratic socialists and their comrades in the mainstream media use a tactic taught by Alinsky...to blame your enemy for what you have done. This is psychological projection, sometimes called dissembling.

Almost everything the left says these days is projection. They accuse Trump of exactly what they're doing, and Hillary is a master at this. She said, "You can put half of Trump supporters into what I call the basket of deplorables ... racist, sexist, homophobic, xenophobic, Islamophobic, you name it." This isn't a message of unity. It's a message of hate, and it's lies.

Hillary Clinton hates Trump and every American who cast a ballot for the blue-collar real estate mogul. She claims that Donald Trump will not be re-elected, and that many “funny things” happened in the election in 2016. She says she won’t “accept” him remaining in office.

The entire left, including the mainstream media lies to America on a daily basis. How many times have we heard that our President is a racist when his entire past proves he hasn’t a racist bone in his body...? Their constant lies are the propaganda that serves to brainwash Americans.

The Stolen Election

As it stands now, there is not one Democratic presidential candidate who could best Mr. Trump. Hillary still believes the 2016 election was stolen from her; she can’t accept the loss. In nearly three years after the votes were counted and the states were called, and months after Robert Mueller found no collusion with Russia, she still has the nerve to insist that [Trump is an “illegitimate president.”](#)

In 2016, during the third debate when Trump said he might not accept the election results, Hillary went berserk. “That’s horrifying,” she replied. “Let’s be clear about what he is saying and what that means. He is denigrating – he is talking down our democracy. And I am appalled that someone who is the nominee of one of our two major parties would take that position.”

And three years later, who is the one still contesting the results and “talking down our democracy?” (We’re a Republic, not a democracy.)

Conclusion

Graft, corruption, spying, and cheating were all part of the Democratic Party’s plan to elect Hillary Clinton as President. The totalitarian actions of those who hated Trump

destroyed the once smooth transition of executive power from one party to another.

The hatred for Mr. Trump went beyond anything this nation has ever seen. The intelligence community, the entire Party of Democratic socialists, and the mainstream media refused to accept the results of the 2016 election and plotted the demise of our duly elected president.

If you think 2016 and the succeeding years were evil and depraved, if the Queen of corruption once again enters the race, there will be no holds barred.
