

Winning or Losing Two Wars at Once

One way to win the wars in Ukraine and the Middle East is to change the regime in Moscow and put former KGB colonel Vladimir Putin on trial for communist crimes against humanity.

But the Joe Biden Administration doesn't have the will to win. Israel does, but it has been put in an American straitjacket.

Moscow is waging a direct war on Ukraine and is waging a war on Israel through Iran, under KGB control since the 1979 Iranian revolution installed Ruhollah Khomeini as Ayatollah.

Even if Israel hits Iran, it will miss the mark.

By the same token, much of the commentary in the media about whether Israel will retaliate misses the point.

The invasion of Ukraine was made in Moscow, and the invasion of Israel was also planned there. Anybody who disputes this fact doesn't understand the reality of Soviet/Russian communism and the work of the KGB in backing and even controlling Islamic and "Palestinian" organizations.

The Iranian attack on Israel was arranged and paid for in Moscow, the same sponsor of the regime's nuclear weapons program.

Iran has been under KGB control since the Iranian revolution of 1979, made possible by another weak Democratic president,

Jimmy Carter.

As our [report](#) on the KGB-Muslim alliance demonstrates, “What may not be known is that Iran’s Supreme Leader, Ayatollah Ali Khamenei, was trained at the KGB’s Patrice Lumumba University in Moscow.” Khamenei, who has led the Islamic regime for more than 30 years, was the designated successor to Ayatollah Ruhollah Khomeini, leader of the 1979 Iranian Revolution. He died in 1989.

Khomeini was also a KGB agent, as noted by a former Polish espionage chief, Michael Goleniewski, who defected to the West. The news organization UPI reported these charges at the time but they were ignored by the Big Media such as the Washington Post and New York Times.

I personally reported this information back in 1979 in a [journal](#) known as the Washington Weekly.

Khamenei was not only a graduate of Patrice Lumumba University but maintained “close ties to the Palestine Liberation Organization and has a record of supporting Iranian cooperation with the Soviet bloc and radical Third World states against the West,” journalist Smith Hempstone reported at the time.

Russia Today (RT) television, a Moscow-funded propaganda network, had itself [mentioned](#) Khamenei’s graduation from Patrice Lumumba University in a story about the anniversary of the institution, now referred to as the Peoples’ Friendship University of Russia, without of course noting its KGB connection.

As I have [argued](#) in the past, the invasion of Israel on October 7 demonstrated the folly of those self-styled “conservatives” who oppose aid to Ukraine. Whether they realize it or not, they are making sure Ukraine gets taken over by many of the same elements invading Israel, all of them backed by Russia. Yet, some of them support Israel while

calling for aid to Ukraine to be terminated. This position, articulated by Rep. Marjorie Taylor Greene, makes no sense.

If Ukraine falls, NATO-member Poland gets invaded by Russia, and millions of Europeans flood into the United States. Then we have another refugee problem.

Faced with this nonsensical view among some in the MAGA movement, Speaker Mike Johnson must figure out some way to ensure American aid to Ukraine and Israel, while doing so in the context of understanding that the Biden Administration doesn't want either country to win its wars against Russia.

As we can see, brain dead Joe sent the Ukrainians into battle, failing to provide the weapons they needed for victory. It has become Biden's Bay of Pigs. Israel, on the other hand, has a nuclear arsenal that it won't give up. Plus, it gets weapons from the United States, at least for the time being.

Former President Trump is correct that the wars would not have occurred had he been in the White House. That is just a matter of fact. Unfortunately, that currently leaves Ukraine and Israel involved in quagmires that amount to no-win wars. The only thing these countries can do is attempt to hold on until Trump wins a second term and comes to power.

Israel is armed and ready for a military confrontation with Iran. But it can't go after Iran's sponsors in Moscow, which also started the Palestinian "liberation" movement, without U.S. help. Biden won't even help Israel strike Iran, let alone Moscow. Equally significant, Biden is pressing for another terrorist state to be established next to Israel.

The problem for Ukraine is it believed a previous Democrat president, Bill Clinton, who arranged for the former Soviet republic's nuclear weapons to be transferred to Moscow, in exchange for a Russian guarantee to respect Ukraine's independence and territorial integrity. That 1994 deal was known as the Budapest Memorandum. A subsequent [deal](#) arranged

by then-Senator Barack Hussein Obama and Senator Dick Lugar also called for the destruction on other arms maintained by Ukraine, including 15,000 tons of ammunition, 400,000 small arms and light weapons, and 1,000 man-portable air defense systems (MANPADS).

These maneuvers left Ukraine almost completely defenseless when Russia invaded for the first time in 2014, when Obama was president. Then, under Biden, Russia invaded again.

It is significant that these advances by Russia have been made under Democrat presidents.

Israeli Prime Minister Benjamin Netanyahu is aware that Russian philosopher and “Putin brain” Alexander Dugin has explained that a “strategic alliance” exists between Iran and Russia, and that Russia supports Iran’s pursuit of nuclear weapons. He regards the Jewish state as a “capitalist” state and “ally of American imperialism” and favors the complete destruction of Ukraine as an independent nation.

Dugin’s genocidal impulses are documented in our 2014 [book](#), *Back from the Dead: The Return of the Evil Empire*. Our book [Red Jihad](#), published back in 2016, cited substantial evidence of Russian involvement with the Jihadists targeting Europe, the United States, and Israel.

Everything we feared would happen has come to pass. The worst is yet to come.
