

Your Patriotic Assignment For Independence Day AKA 4th Of July

This Thursday begins a four-day holiday for most Americans. Barbeques, patriotic parades and activities. Summer swimming, camping and all-around good fun.

But who made such freedoms possible? Those who fought and died giving up their tomorrows so we could have our todays.

Isn't the least we can do is take an hour out of four days to do something that can make the difference?

No need to rehash the sickening politics raging over the illegals invasion. Last week saw a father and his 22-month old daughter lying dead at the Rio Grande River here in Texas. Predictably, fools on the left began vomiting it was Trump's fault. The biggest mouths in Hollywood and the Democratic/Communist Party USA wept and shouted how horrible it was.

This idiot who tries to pass himself off as a minority by calling himself Beto, a common Spanish name for names ending in -berto when he's a very wealthy Irish American whose real name is Robert Francis O'Rourke jumped on the garbage truck: [O'Rourke on haunting photo: 'Trump is responsible for these deaths'](#)

Yes, loss of life is very sad. In this case, the blame goes to the mother, Tania Avalos and father, Oscar Martinez, who took their toddler daughter on a dangerous trek from El Salvador hoping to smuggle themselves across OUR border to leech off Americans. Steal their jobs and live off welfare in every form.

The death of that father and daughter has been replayed over and over at the border for decades. It's not my fault. It's not Trump's fault. **It IS the fault of the parents who paid dearly.** The mother was shipped back to El Salvador via airlines, now a widow and coping with the death of her husband and precious daughter. **She and her husband made a very bad choice.**

They wanted asylum in the U.S. because of bad conditions and poverty in their country. That is not what asylum is for; not domestic abuse, poverty or crimes in your country. **They already had 'humanitarian visas' in Mexico.** Deciding not to wait around until the border office opened, they decided to cross a very dangerous river. **They decided to put their toddler daughter at terrible risk.** A very sad ending.

Perhaps they thought they could get to a 'sanctuary city' or state who would protect them from being deported. Mayors, governors and sheriffs across this country are refusing to cooperate with ICE allowing rapists, murderers, drug dealers and human traffickers to flourish in cities, towns and states.

All of them are in violation of federal immigration laws. Aiding and abetting. I keep wondering why I have to obey any laws when elected officials in state legislatures can give the federal government the finger and violate immigration laws. Like giving drivers licenses to people who should be deported not rewarded.

Is there any way to stop this? **Yes, there is but it will NOT happen unless the heat turns into a bonfire.** I sent a letter last week to Gov. Ron DeSantis [R-FL] congratulating him on signing into a law a bill ending so-called sanctuary cities in the State of Florida. I sent a copy to my governor, Greg Abbott [R-TX]. [Texas Gov. Greg Abbott signs "sanctuary cities"](#)

bill into law

I encouraged them to get together with other governors and have a face to face with Attorney General William Barr about putting together a task force to go after governors, members of state legislatures, mayors and sheriffs **who are clearly in violation of federal immigration laws.**

I also attached a letter I wrote to certain members of Congress regarding a bill that will self-deport tens of millions of illegals. Forget the old worn-out 11 million illegals in this country. The best estimate is between 30-35 million. So, both governors have my letter about sanctuary cities/states and how drive the freeloaders out of our country.

The ONLY way this is going to stop is if the Federal Department of Justice goes after the aforementioned with indictments and prosecution. I don't give a tinker's damn how Comrades Corey Booker, Kamala the Camel Harris or pederast presidential candidate, Mayor Petey Buttigieg jump up and down. Or the Hollywood crowd or anyone else. I tune them and their antics to out do my part.

No one is above the law but for decades wealthy and/or politically connected individuals and elected officials have continued to break the law with impunity because the past Attorney Generals have been Democrat political operatives who care NOTHING for laws on the books, only what they can get for their agenda.

AG Barr MUST set an example by prosecuting anyone violating federal immigration laws regardless of what office they hold or don't like that little (expletive) Mark Zuckerberg (Facebook billionaire) who openly bragged about hiring illegals. No legal repercussions for punk Mark and that is the problem.

So, do you have a few minutes to write Barr a letter asking

him to form a task force to go after these lawbreakers?

Second task. Years ago, I wrote a column about the strongest anti-illegals bill ever written. It was introduced in 1993 by then U.S. Senator, Dirty Harry Reid who was big time against illegals invading our country. Years later, Dirty Harry became a champion for illegals.

[A Bill: Stop all Public Welfare in Any Form for Illegal Aliens](#), 8-24-14

[“Our Federal Wallet Stretched To Limit By Illegal Aliens Getting Welfare”](#) “Even worse, Americans have seen heinous crimes committed by individuals who are here illegally.” – Senator Dirty Harry Reid, Democratic/Communist Party USA. He also said that the U.S. open door policy is being abused at the expense of honest, working citizens. August 5, 1993, Dirty Harry’s office issued the following:

“In response to increased terrorism and abuse of social programs by aliens, Sen. Harry Reid (D-Nev.) Today introduced the first and only comprehensive immigration reform bill in Congress. Currently, an alien living illegally in the United States often pays no taxes but receives unemployment, welfare, free medical care and other federal benefits. Recent terrorist acts, including the World Trade Center bombing, have underscored the need to keep violent criminals out of the country....

“Our borders have overflowed with illegal immigrants placing tremendous burdens on our criminal justice system, schools and social programs. The Immigration and Naturalization Service needs the ability to step up enforcement. Our federal wallet is stretched to the limit by illegal aliens getting welfare,

food stamps, medical care, and other benefits often without paying any taxes.”

“Safeguards like welfare and free medical care are in place to boost Americans in need of short-term assistance. These programs were not meant to entice freeloaders and scam artists from around the world. Even worse, Americans have seen heinous crimes committed by individuals who are here illegally.”

“Dirty Harry introduced his bill, [Immigration Stabilization Act \[S.1351\]](#). I’m betting it was not written by Dirty Harry, **but by lawyers who know what they’re doing and the sure to come legal challenges.** It covers the whole gambit of turning off the trillions spent over the past 28 years since Reagan sold us out. One section I want to highlight: TITLE X–CITIZENSHIP

SEC. 1001. BASIS OF CITIZENSHIP CLARIFIED.

“In the exercise of its powers under section 5 of the Fourteenth Article of Amendment to the Constitution of the United States, the Congress has determined and hereby declares that any person born after the date of enactment of this title to a mother who is neither a citizen of the United States nor admitted to the United States as a lawful permanent resident, and which person is a national or citizen of another country of which either of his or her natural parents is a national or citizen, or is entitled upon application to become a national or citizen of such country, shall be considered as born subject to the jurisdiction of that foreign country and **not subject to the jurisdiction of the United States** within the meaning of section 1 of such Article and **shall therefore not be a citizen of the United States or of any State solely by reason of physical presence within the United States at the moment of birth.**”

Dirty Harry was speaking about the “legal” fiction called ‘anchor babies’ something I have been very vocal about for

decades. His bill blows the myth of anchor babies right out of the water. That bill had all of three co-sponsors; two Democrats and one Republican.

The point is that bill should have been re-introduced in the House and Senate when Republicans had control of both the House and Senate for almost eight years under Bush, Jr.

NOTHING was done to stop the human invasion and today we are in crisis mode.

That bill stops ALL forms of welfare including flushing millions of minors out of our public schools and colleges paid for with tax payer money. You want to stop the invasion and self-deport tens of millions of illegals?

First: Shut down the so-called sanctuary cities and states. The U.S. Department of Justice sets up a task force to go after elected officials who are aiding and abetting illegals:

[Montgomery County, MD – Riddled With MS-13 – Says They Will Not Participate in ICE Immigration Raids](#)

[Salt Lake City Mayor: We Will Not Cooperate with ICE Raids](#)

Second: Shut off the welfare and enforce the laws already on the books regarding hiring of illegals. Keep fining and/or jailing employers who hire illegals.

A task force going after the sanctuary cities/states enablers can be moved on right now by Barr.

Unless Republicans take back the U.S. House in 2020, that bill will never go anywhere. Right now, Republican U.S. House members and U.S. Senators can introduce it where it will go to committee.

Naturally, it will go nowhere for now but it IS vitally important to get it introduced now. Make it a priority on talk radio and over the water cooler. **One must have a plan instead of willy-nilly chaos.**

Over the past five years I have sent letters to Ted Cruz and others urging them to introduce Reid's old bill; **not a response from one of them.** All hot air and no action.

This past week I sent a new letter to Reps. Louis Gohmert, Mo Brooks, Devin Nunes and Thomas Massie. In that letter I explained Dirty Harry's old bill asking all of them to get behind this effort so that if Republicans take back the House, keep the Senate and Trump is reelected, we CAN make this law. I sent it their district offices.

No email. Our former U.S. House member had a district office in my town. The fine ladies there really paid attention to letters I personally dropped off for the Rep. **Pile thousands on their desks and you'll get their attention.** Emails get a boiler plate response.

I also attached a copy my letter to the letter I wrote Florida Governor DeSantis and Texas Governor Greg Abbott so they could see my proposal to have AG Barr set up a task force to go after elected officials in violation of federal immigration laws. **Hold these people accountable legally or the lawlessness will continue.**

In total it took me about an hour. There are those who will scoff and say, it's over, let's run for the hills; the usual defeatist attitude. ([Defeatism Insures Defeat](#) by Dr. Edwin Vieira) Others chant about praying on it, it's in God's hands – **any excuse to do nothing.** Damn good thing George Washington, Nathan Hale, Patrick Henry and all the others who sacrificed so much didn't tuck tail and run.

Let me tell you a true story. This past May we had a mayoral election. My candidate ended up in a run-off election because **only 10% of registered voters in my town bothered to vote.**

Shannon won the election June 8th because we didn't give up. Shannon's supporters like me continued reminding people of the

run-off election, the date and handing out door hangers and/or a card with his web site and plan for our town.

We didn't put fishing or shopping or playing some video game or anything else first, we put getting Shannon elected first and we won. In the run-off election between the two candidates only 11% of registered voters bothered themselves to get to the courthouse to vote on a Saturday.

My point being: How many registered voters in this town go to the local watering hoole to bitch about potholes, this, that or the other? How many complain to friends about the job our mayor is doing along with the city council? Yet, they can't find time on a Saturday to go vote? Then shut up.

If they are not your U.S. Rep or Senator, start your letter by saying while you're not a constituent you do want to make them aware of solutions to renegade elected officials and sanctuary cities/states and a bill that will self-deport illegals.

They all need to know the strongest anti-illegal alien bill ever written – 76 pages that covers everything – is there. All they have to do is reintroduce it. What we have to do is work hard to take back the House in 2020 and that means battling vote fraud.

I know it's down the road but every time Trump tries to block illegals some damn federal judge appointed by Obama or another Demorat shoots him down. [Obama-Appointed Judge Blocks White House From Allocating Military Funds to Build a Border Wall](#), June 28, 2019

If we don't make the effort nothing will get done. If we don't start now on this nothing will happen.

Here, I'm making it easy for you:

If you have the time and desire to let elected officials know you have their backs and support their efforts, in this case the new law in Florida, drop a short letter to these governors. Let them know you approve of their efforts.

Governor Greg Abbott

I also sent a polite letter to rent-boy, Senator Lindsay Graham, who suddenly became a star for conservatives during the Kavanaugh hearings. HE'S NOT. **Graham is pushing for**

amnesty for illegal aliens. The same sickening thing Reagan did which opened the flood gates.

Rewarding illegals only encourages more of them. In my letter I simply said NO amnesty for illegals. Period. Yes, we can get rid of them by cutting off ALL welfare. I told Graham that if any amnesty goes through **it will be the end of the Republican Party in five years.** Trump will be the last Republican to sit in the White House. You CAN take money to the bank on that.

Why do people think the Democratic/Communist Party USA is fighting so hard for illegals? Votes pure and simple. Plus, they need to dump those tens of millions into Social Security and Medicare to keep those unsustainable programs afloat but it's really all about votes. Keep them dependent on government 'freebies' and you own them for life.

There's something else I want you to do over the four-day holiday. Watch a 22-minute video. Wonder how Alexandria Ocasio-Cortez the former bartender got elected to the U.S. House? That video explains in detail how a PAC (Political Action Committee) basically held auditions and got that empty-headed twit into Congress because she had charisma, is brain dead and would do what she's told.

It is critically important our fellow Americans who do care come to understand **how dirty the game is behind the scenes.** Who pulls the strings, who is funding the corruption eating us alive. It's up to us to be the modern-day Patrick Henry and Sybil Luddington.

I know time is tight but for the love of our country and independence given us with rivers of blood, we have to take the time to get the raw facts and truth. Sure, I'd rather have spent my time doing something else but priority vs important.

AOC is nothing but a puppet and this video proves it. As I write this 2,462,781 people have watched that video: [The Brains Behind AOC Alexandria Ocasio-Cortez](#)
